

Student IT Guide

Wi-Fi

Students	<p style="text-align: center;">DLD-BYOD</p> <p style="text-align: center;">Password : Welcomed</p> <p>Please see posters on how to sign in to the WiFi with your school email address and password. Also on Page 4 of this guide.</p>
Boarding	<p style="text-align: center;">DLD-Accommodation</p> <p style="text-align: center;">Password : Welcomed</p> <p>Please see posters in common areas within Accommodation on how to sign in to the WiFi with your school email address and password.</p>

DLD Account

Below is an example of our school account credentials needed to login to the platforms at DLD College (Outlook, Teams, etc) and the school computers. **You will be given your actual account details during enrolment.**

Account name: EAbejide

Email: EAbejide@dld.org

Password: Fq42YdRf

If you cannot login, please raise this with a member of staff for the IT team to resolve this for you.

Platforms

These are the platforms used in DLD College. It is also recommended that you download these free apps on your phone (available for iOS and Android devices to download from the Apple/Play Store).

- **Office 365 (Outlook, OneDrive, Teams, Word, Office Lens – more information on page 2)**
- **EduLink**

Outlook

Outlook is the emailing system used to communicate between other students and your teachers. You must use your DLD login when emailing people in the college.

OneDrive

OneDrive is a cloud online storage area with 1TB free space, where you can store important school files and images. Rather than saving files on your local desktop/documents area, OneDrive allows you to access files from any device even when offline.

Office Lens

Office Lens is an app used to scan paper documents into a digital format, easy for you to submit onto Teams assignments set by your teachers.

Teams

Teams is a video conferencing platform used for online learning. Teachers would host meetings through Teams and may communicate with you via this platform too. Each course will have its own Teams Channel tailored for that class, and assemblies from the principal will be hosted on here as well.

You can easily download Teams on your computer by typing it in a search engine (Chrome, Edge, etc).

EduLink

This system will give you access to timetables, school reports, homework, assessment grades, co-curricular activity timetables, records of behavioral points. Please download the app to your phone:

[EduLink One on the App Store \(apple.com\)](#)

[EduLink One – Apps on Google Play](#)

IT Support

If you have any IT issues/queries, please email DLD-ITSupport@dld.org.

CONNECTING TO ADCL BYOD WI-FI

STEP 1 Connect to the Wi-Fi SSID **ADCL-BYOD** **PW : Wel comed**

STEP 2 Scan the **QR Code** or navigate to **<http://adcl.byod>** on your web browser

STEP 3 Follow the sign in process with your **school email and password** to connect to the internet:

CONNECTING TO DLD ACCOMMODATION WI-FI

STEP 1

Connect to the Wi-Fi SSID **DLD-ACCOMMODATION** P/W : **Welcomed**

STEP 2

Scan the QR code or navigate to **<http://adcl.byod>** on your web browser

STEP 3

Follow the sign in process with your **school email and password** to connect to the internet:
